PROFILE

Passionate about creating user-friendly interfaces and enhancing user experiences in the decentralized space. A results-driven Frontend Developer specializing in web2 and Web3 technologies, with a strong foundation in building interactive and responsive applications.

Proficient in Next.js, TypeScript, and Tailwind CSS, with hands-on experience in integrating blockchain solutions. Successfully developed and deployed Morlabs Protocol and demonstrated success in collaborative environments, including providing tech support during hackathons.

Eager to leverage my skills and knowledge to drive impactful solutions in the tech industry.

WORK EXPERIENCE

Frontend Developer

Morlabs Protocols

2024 - NOW

Developed and deployed a decentralized application focused on enhancing user experiences in the blockchain space.

- Integrated blockchain solutions to ensure seamless functionality.
- Created a responsive user interface using Next.js, TypeScript, and Tailwind CSS
- Conducted user testing and gathered feedback for iterative improvements.

Technologies include:

- Next.js for the frontend
- TypeScript for robust application development
- Tailwind CSS for responsive design
- Git

Achievements include:

- A web based tool for an intuitive role assignment and administration
- Online overview of company structures, projects, etc

CERTIFICATIONS

Advanced Software Development

Certificate issued by 3MTT

Certificate issued by IHS Tower

Certificate issued by Wedigraf Technology

ALX AiCE - AI Career Essentials

Certificate issued by ALX

Network Engineering

Certificate issued by Cisco

Google Advanced Data Analytics Certificate

Certificate issued by Coursera

Online Classes

It is important for me to stay up to date with the newest topics in the field of IT. In Software Development, it is also important to have a general overview and a hands-on experience on them. Therefore, besides intense article studies, I also keep myself up to date with online classes.

- Successfully launched Morlabs Protocol, improving user engagement, satisfaction and interaction in the Web3 space.

Tech Support ITExperience INC

2024 - Now

Provided technical assistance during hackathons, supporting participants with technical troubleshooting and project execution.

- Assisted teams with tools access and resolving technical issues.
- Supported organizers by ensuring smooth tech operations throughout the events.
- Maintained effective communication between teams and organizers.

Technologies include:

- Various tech stacks based on participant projects

Achievements include:

- Ensured seamless hackathon events by resolving critical technical challenges for participants.

Junior Frontend Developer/Tutor Wedigraf Technologies

2021 - 2022

Collaborated with senior developers to create intuitive user interfaces and maintain efficient workflows.

- Design and implementation of update and deployment process automation
- Worked on large-scale design projects for corporate clients, handling both frontend and backend development.
- Performed quality assurance tests to optimize usability and ensure error-free performance.
- Led workshops and educational sessions on coding standards and frontend best practices.

Technologies include:

- HTML5, CSS3, JavaScript for frontend development
- Responsive design principles for mobile-first strategy

Achievements include:

- Standardized outputs with a responsive, mobile-first approach, improving client project outcomes.

Managed a team of instructors, developing evaluation systems and improving teaching quality.

- Delivered progress reports to clients, enhancing transparency and communication.
- Identified areas for improvement, leading to a more skilled and motivated instructional team.
- Implemented performance evaluation systems for instructors to enhance teaching effectiveness.

Technologies include:

- Learning Management Systems (LMS) for managing and tracking student progress
- Microsoft Office Suite for creating progress reports, managing schedules, and documentation

Achievements include:

- Fostered a highly skilled and motivated teaching team.
- Successfully enhanced the teaching team's performance through effective management and reporting systems.
